CORNER COMFORT

# PURO

Kitchen  
in pure form

The new line of accessories for kitchen furniture **Maxima Puro** makes it **easier to organize** and **optimize the storage space**. Made of strong sheet metal **corners and drawers** are mounted on reliable runners guaranteed smooth, **quiet and comfortable movement**.

All accessories of **Maxima Puro** line are offered in two variants: in **white with a colorless glass** as the decoration element or **black with a wooden decoration element** in a warm caramel shade. Each system is equipped with a matched colour anti-slip mat.

## PURO Mini side cargo

This is a practical recipe for using relatively narrow base cabinets. Available widths: 150 and 200 mm, in right and left version. This allows to use all space for storage. It is a perfect place to store coffee, tea, juice and etc. All the products even those placed inside cabinets, due to full extension are at hand without need to move the other things.

## PURO Mini base cargo

It was designed as very popular cabinets with the depth 300 and 400 mm. Placed on a stable base and robust extension system allow easy access to take something. The possible load capacity is 25 kg, you can store sugar, mineral water, etc.

## PURO Internal drawers H=80

Maxima Puro Line includes also internal drawers which are very popular now. This product in H=80 mm is available in three possible dimensions: 600, 800, and 900 mm and in two color solutions - white and black. The drawers can be equipped with glass front element or decoration sheet oak element. All the drawers you can place under the one integral front as a door or to montage in the pantry. The drawers make it easier to store things in order as well as small items such as cutlery or spices.

## PURO Internal drawers H=80

## PURO Internal drawers H=50

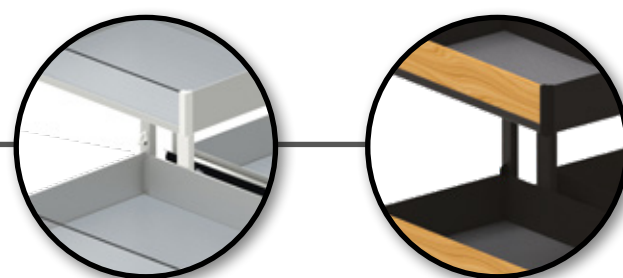

These drawers were designed thinking about the storage of large and heavy things - e.g. household appliance. Without a front panel, they allow for comfortable placing the devices, and at the same time - easy access to them. The drawers H=50 work perfectly even in cabinets, kitchen buildings as well as in pillars.

## PURO Corner Comfort

Corner Comfort allows for full and **comfortable use of all space** even of the hard-to-reach space of **corner cabinet**. The corner consists of two two-level shelves with short side walls to protect products against falling out. Both parts can be easily removed from the base thanks to the robust running system. Corner Comfort is available in three widths: 800, 1000 and 1200 mm, and its load capacity is 35 kg.

## PURO Maxi base and side cargo

Adapted to the special tall kitchen cabinets which are very popular nowadays, **Cago maxi** was designed about the **storage space** in mind. This solution allows to **create a handy and comfortable pantry** even in small kitchens. It is equipped with 5 (side variant) or 6 (base variant) shelves for storage also **large and heavy** things. You can regulate the level of shelf according your needs, also if necessary to add such. Maxi cargo is available in several width: 150 and 200 mm (side) and 300, 400 (base). Importantly, with it's robust extension system even the largest and heavily loaded cargo slides slightly and comfortable.
