# Shelf for Corner Cabinets - Corner Optima

Shelf for corner cabinets - Corner Optima is our latest offer used to organize corner cabinets. Shape of the product was designed to maximize efficiency of free cabinet space. This solution allow us to arrange whole space inside of the cabinet. Corner Optima consists of two shelves made of high quality MDF. Each shelf pulls out separately in 2 sequences, performing fluent wavy motion.

Shelf for corner cabinets - Corner Optima is suitable to store pots, pans or larger kitchen utensils.

## Stages of opening cabinet

Drawing presents right side mounting
